

WORKSHOP

Energy Management in Industry

Nova Gorica, 21st October 2014

Northern Primorska Chamber of Commerce and Industry, Sedejeva 2 a,
5000 Nova Gorica

The last of the first batch of basic workshops of the SHARTEC cross-border project will focus energy management trends and solutions in the industry. The workshop will cover all the aspects of energy use in the industry – from energy and electrical power supply, to energy use in manufacturing processes, energy use in industrial plants, energy use design in manufactured products and management of all these aspects. The workshop's aim is to present different case-studies from both sides of the border and facilitate exchange of good practice and solutions in the trans-border industrial sector in Friuli Venezia Giulia and Western Slovenia.
